The Romans, the Franks, the Holy Roman Empire, the French, and the Germans have all had a hand in this strategic city’s 2000 year history. St. Castor Basilica, the Church of our Beloved Lady, and the Emperor Kaiser Wilhelm’s memorial at the German Corner, are just a few of the sites which reflect the history of the area.

This afternoon, spend time on deck as we cruise the most beautiful section of the river – the legendary Upper Middle Rhine Valley. History Buffs - The Maginot Line: This was a line of concrete fortifications, obstacles, and weapon installations built by France in the 1930s to deter invasion by Germany and force them to move around the fortifications. It was constructed on the French side of its borders with Italy, Switzerland, Germany, and Luxembourg.

Day 8: Wednesday, June 3 - Disembark in Basel, Switzerland and continue on to Lucerne
After breakfast we disembark our ship and drive deep into the heart of Switzerland to Lucerne, our base for the next three nights.

Enjoy free afternoon and evening. We suggest a walk across the famous Kapellbrücke (Chapel Bridge) named after the nearby St. Peter's Chapel. The bridge contains a number of interior paintings dating back to the 17th century, although many of them were destroyed along with a larger part of the centuries-old bridge in a 1993 fire. Subsequently restored, the Kapellbrücke is the oldest wooden covered bridge in Europe, as well as the world's oldest surviving truss bridge.
